

# E-LEARNING CONVERSATION ONE-TO-ONE

IELA invites you to join us on a **virtual language learning experience**. Our informal **Conversation One-to-One** offers a fun and interactive way for an English learner to engage with a native English speaker. **Conversation One-to-One** is a straightforward concept which gives students an opportunity to practice the language in an informal setting, conducted by an IELA team member in a safe and secure environment.

### WHO IS THIS COURSE FOR?

This programme is suited to English learners who are interested in improving their language skills in an informal environment. Students meet virtually on our IELA supervised forum with a native English speaker and practice daily conversation and topics of interest.

The English learner is given the opportunity to converse, ask questions about English language and culture while improving their oral and aural skills.

The programme is suitable for students aged 8 - 99 years. A personalised schedule will be organised for the student.
